VINEYARD

CABERNET FRANC

We employ vineyard techniques that seek to achieve small berry size which yields sufficient color and structure, while exhibiting lots of fruit in the finished wine. These specific vineyard practices enable us to produce uncommonly ripe fruit in a cool climate.

The goal for our Cabernet Franc is to create a wine that shows the distinctive, fruit-and-earth character of Cabernet Franc. The result is a food-friendly red wine that falls between the earthiness of french-styles and the fruit-driven flavor of California-style.

Drink today or age for seven-ten years.
