

Ψ Psi 2022

93-95 PTS

Robert Parker
WINE ADVOCATE

The 2022 PSI is clean, expressive and open, much more approachable than the more reductive 2021 that I tasted next to it. It's primary, fruit-driven and precise. "The fruit selection was better in 2022," explained Sisseck. It has contained ripeness and a polished texture and is sleek and elegant, with fine tannins.

Ribera del Duero.
